**OLD BUSINESS:** Cliff Smith thanked all of those who helped in the canteen for the 2008 fun fly season. Gary Droppo extended a well deserved well done to Cliff Smith for all his hard work in organizing and running the club canteen all these years. **Cliff stated that he would run the canteen again next year.** The IMAA event had a good turnout, but there is still an issue of cold meals re Swiss Chalet dinners. Chapter 217 will hold the meet again next season at the KRCM field. Byron is willing to try a pig roast for next years Fathers Day Fun Fly, and possibly deep fried turkey for the IMAA meet. The Brockville "New club House" opening was cancelled for Saturday, but Wilf Hill and Peter Wagner flew anyway. (Nice field, lovely club house). Five or six KRCM members flew on the Sunday.

**NEW BUSINESS:** The Ottawa Valley, (Zone "G") annual meeting will be held October 5<sup>th</sup>, 2008 at the Canada Science and Technology Museum, 1867 St.

For those not planning on attending, Rolly Siemonsen will gladly carry your proxy. John Pickering asked if there were any details about the accidents that MAAC was dealing with? Byron MacLean motioned that Rolly Siemonsen carry the club proxies to the annual Zone "G" meeting in October. Mike Siemonsen seconded motion. Motion carried. Jim Thompson reported that the Vintage Wings of Canada in Gatineau would be holding an open house on Saturday, September the 20<sup>th</sup>, 2008. It will run from 10:00 AM and end at 4:00 PM. Peter Wagner reported on the 2008 Neat Fair. This is an electric trade show with plenty of seminars, and flying demos. With 250 registered, only 17 were still on the 72 MHz band, the rest on 2.4 GHz. Peter was very impressed with the night flying demos. The planes used, had between 50 and 100 LED's on them. Gary Droppo reported that Rhinebeck seemed to have about half the normal number of entrants, but this could have been due to the poor weather. The club will again attempt a float fly on Sunday, September 28<sup>th</sup>, 2008, at the Varty Lake site. Hamburgers and soft drinks will be provided. Byron reported that the Cornwall club holds a chili fly-in either every other weekend or once a month. John Pickering asked the club members which flight simulator they thought was best? The Thompsons drill hall "Indoor Flying Schedule" is now available at the KRCM web site: <http://www.krcm.org>
