MAAC SAFETY RULES

1. I will fly aircraft (in size, weight, speed and other flight characteristics) that are compatible with the size of the indoor flying space.
2. I will ensure that my aircraft and radio control equipment are in good condition and fully functional, prior to the first flight at each flying session.
3. I will abide by the safety rules for the flying site I use, and will not wilfully or deliberately fly my model(s) in a careless, reckless, or dangerous manner.
4. I will follow the recommendations of the manufacturer or supplier of the cells/batteries I am using in regard to their safe usage, charging, and disposal, and I will closely monitor my batteries while charging.
5. I will abide by any rules or restrictions requested by the owner or manager(s) of the building.
6. I will not leave behind any model parts, wreckage, or other materials or refuse when leaving the flying site.
